

Alaska Geographic Retail Stores

At Alaska Geographic, we curate and develop interpretive and meaningful products for locals and visitors alike. Our 30+ stores in public land visitor centers across Alaska are education gateways to Alaska's wildlands, offering books, trail guides, maps, custom memorabilia, collectibles, and unique local gifts to better understand and remember the awe-inspiring places you visit.

All items sold in our stores must be approved by interpretive experts at each site, ensuring we maintain a focus on supporting our local Alaskan artists, sustainability, accuracy, and quality in our products. Our stores extend the interpretive mission of our park, refuge, forest, and BLM partners to connect visitors to Alaska's public lands. When you shop at AK Geo outlets, your purchase directly supports that site. Proceeds are donated back to support free publications, exhibit projects, special events, ranger training, and research. You can find us at these public lands below - follow the links to help plan your trips! And if we missed you, you can find many popular items on our [webstore](#).
