

Ecology of Migratory Birds Cancellation Policy

Alaska Geographic feels confident that this course will run smoothly, however due to the location and logistics, our regular cancellation policy applies with the following changes and additions:

- Cancellations that occur 60 days in advance of the course start date will be refunded, less a deposit of \$215 in addition to the \$50 processing fee.
- For cancellations and/or substitutions within 59 days of the course start date, the entire fee will be retained unless we can fill your space no later than two weeks prior to the course start date. There will be no refunds within two weeks of the course start date.
- Participants should be prepared for the flight to be moved to EARLIER or LATER in the day to accommodate weather conditions.
- If a flight is not possible on August 24th, we will attempt to reschedule for the next day. The course will be one day shorter, and no refund will be provided. Participants would be responsible for securing their own accommodation for the night of the 24th. This also applies in the very unlikely event that there is a two-day delay.
- If the course is fully cancelled due to weather (inability to fly) the full course fee will be retained.
- In the event that an extended stay in Kantishna becomes necessary due to an inability to fly out, participants are responsible for additional costs incurred during this time.
- We highly recommend travel insurance, which can cover family and medical emergencies, as well as travel disruptions. Access to this remote location can be impacted by weather and other forces beyond our control.
